DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The rejection under 35 USC 112, first paragraph is withdrawn.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Steeby et al. (6,227,067).

Steeby et al. shows the claimed subject matter where an actuator (38) drive the shift lever in orthogonal directions (figure 2 X-X, Y-Y), and is capable of driving the shift lever in these orthogonal directions simultaneously; the X-X and Y-Y directions are gear joining and dejoining directions, or more accurately, gear select and gear shift directions; the guide mechanism being the connection of the drive members (32, 36) to the shift shaft whis guides the shift shaft in the required direction.

Allowable Subject Matter

4. Claims 4-16 are allowed.
